

## i2 user track:

- 11.00 – 12.00      **The Tinder Swindler: Analysing a real-life case using i2 Analyst's Notebook** - Michelle Rasch, Analytics specialist at DataExpert
- 
- In this session, DataExpert will show you how to analyze a real-life case using i2 Analyst's Notebook. We will explore the facts behind the story of the popular Netflix documentary 'The Tinder Swindler' and identify the patterns in this case.  
If you haven't seen this documentary yet, be warned: spoilers ahead!*
- 13.00 – 14.00      **How does the European Anti-Fraud Office use i2?** - Bogdan Necula, Team Leader - Operational Analysis at OLAF
- 
- The European Anti-Fraud Office, OLAF, investigates fraud against the EU budget, corruption, and serious misconduct within the European institutions. To gain intelligence for their investigations OLAF has a strong analysis component. Amongst the tools that support the analysts at OLAF is i2, which has been a long-standing help. With the newly introduced i2 Analyst's Notebook Premium (i2 connect) they managed to enhance their analytical capacities even further. During his presentation Bogdan will talk about the benefits of the i2 Analyst's Notebook Premium platform from the perspective of OLAF and shares the best practices for implementing the service.*
- 14.00 – 15.00      **De inzet van i2 in het inlichtingenproces** – Defensie België
- 
- i2 software gebruiken ter ondersteuning van het inlichtingenproces en het creëren van een optimaal situationeel beeld. Hoe doet een complexe, grote overheidsorganisatie dat? Welke uitdagingen zijn er, hoe wordt i2 ingezet, wat is het resultaat en hoe ziet de toekomst eruit? Tijdens deze sessie deelt een i2 gebruiker zijn ervaringen met i2; van concept en implementatie tot gebruik. Ook zal hij zijn toekomstige wensen en verwachtingen bespreken.*
- 15.30 – 16.30      **Fusion in the intel kitchen** – Martin Kragh, Solutions Specialist at i2 group
- 
- As national security threats become more complex, intelligence organizations and agencies are challenged to respond more efficiently and precisely, whilst handling larger, more and more complex data sources. Attend this session and discover how extensive data acquisition and multifaceted i2 analysis & visualisation capabilities can help agencies worldwide to strengthen their Intel position and be timely prepared for complex missions and operations.*
